

Celebrate

Come all you strangers, come all you friends
Come to the gathering
Come with your sorrow, come with your joy
Come with your wandering.

Chorus:

And we will sing
Our voices soar through the air
The house will ring
And we'll be brothers again
Remembering the one called love

Celebrate living, celebrate joy
Celebrate gathering
All of strangers, all of us one
All of us traveling.

Praise to the Father, praise to the Son
Praise to the Spirit one
Sing praise with your voices, praise with your mind
Praise with your loving.
