

If You Want To

If you want to, you can sing my song,
If you want to, you can sing my song,
I don't mind if you want to sing along
Then everybody will be singing a song,
Then everybody will be singing a song.

If you want to you can laugh sometime (repeat),
You need not wait 'till you hear a funny line
Then everybody will be laughing sometime (repeat).

If you want to you can live in peace (repeat),
Pray everyday for the devil's hands release,
Then everybody will be living in peace (repeat).

If you want to you can have my love (repeat),
I don't mind 'cause I get it from above.
Then everybody will be getting some Love (repeat).

If you want to you can share a friend (repeat),
His name is Jesus and He'll be here 'till the end
Then everybody will be sharing a friend (repeat).
